“Now is the perfect time to plan your summertime adventures in Sodus Point,” said Mayor David McDowell.

“By now you have heard that we are experiencing high water levels out here in Sodus Point,” said Mayor McDowell, “but rest assured that the flooding is localized in a few areas, and under control. This is nothing like 2017! The lake is expected to return to more normal levels within a few weeks – so no need to hesitate! The doors to our many friendly businesses are open and ready to welcome you – today, tomorrow, next week or any time.”
