

March 24, 2021: Village Board Special Meeting  
**Minutes of the Special Meeting Sodus Point Village Board**

Mayor McDowell called the special meeting to order at 4:30 PM

Present: Trustee Pitti, Trustee Verbridge, Trustee Evans

Public: 2 via zoom

Via Zoom, Devin Holdracker presented his ideas for a new Village website to be built to our specifications. He showed examples of websites he has recently developed (Irondequoit and Walworth). He uses the content management system, Wordpress.

He estimates the time from start to finish would be 2-3 weeks depending on the level of participation from each department.

He offers training and support, but his goal is to educate the webmasters to be able to update the website without much need for support.

Any support that goes “above and beyond” will be billed at \$50 per hour.

The second Zoom presentation was given by Town Web. They began their demonstration at 5:30PM. They have different templates the Village can choose from. They use Wordpress as their CMS. Town Web offers free training and support. They estimate the site would take three months to develop.

**MOTION** by Trustee Evans and seconded by Trustee Pitti to adjourn the meeting at 6:23 PM

Motion carried all voting aye.

Melanie E. DeBadts  
Deputy Clerk-Treasurer
